

NATALIE RUBALCAVA

Anaheim Councilmember/Businesswoman

Anaheim Firefighters, Police Officers, City Employees, and Community Leaders urge you to Vote No on the misleading recall targeting Natalie Rubalcava.

Recall elections are supposed to be reserved for special circumstances when an office holder violates the public trust. This recall is about one LA-based organization that hasn't gotten over losing the last election.

That's why an unprecedented coalition of business, labor, education, housing, healthcare, and environmental leaders are united in voting No on the recall. Democratic leaders, Republican leaders, and Independent leaders agree that Natalie has done nothing to warrant this attempt to remove her from office.

The claims made by the recall supporters are exaggerated or completely untrue. Here are the facts you need to know:

The cost of the special recall election(s) to taxpayers could be over \$1.2 million.

The recall will overturn the will of our district's voters, who just elected Natalie to office.

The recall will do nothing to reform city hall or keep neighborhoods safe.

Natalie Rubalcava is a businesswoman, mom, wife, community leader, and fourth generation Anaheim resident who cares deeply about our city.

Please stand up for Anaheim and Vote No on the recall.

Natalie Rubalcava
